

ART Observations and Reflections

What is the artist's message?

What question would you like to ask the artist?

Three words to describe it are ...

What materials have been used? Has the artist worked from observation, memory or imagination?

What did the artwork make you think about?

What do you dislike about this picture?

Why paint a picture like this?

What is the best thing about this picture?

What title would you give it?

It made me wonder...

'Gassed' by John Singer Sargeant 1919
